FOUNDRY TRADE JOURNAL INDEX

VOLUME 159

JULY–DECEMBER 1985

A

Abrasive-belt Grinders for Finishing Castings, 364
Advance in Cleaning and Finishing, 366
Aerospace—Castings in the Air, 17
Aluminium Architectural Castings—order for Barron Clark Patternmakers, 3
Aluminium—Casting for Washington Monument, 48
American Diecasters look to the Future, 488
Automatic Die Lubrication, 492
Automatic Pouring of Cast Iron—Conference Review BCIRA, 422
Austempered Ductile Irons—their Significance and present applications, 277
Articulated Mixer—at Charles W. Taylor & Sons, 418
Ashland Chemical—new plant, 155
Awards—EITB Midland area for girl trainee, 47
Awards—P.E.P, 312, 404, 422, 460
Awards—National Ironmongers, 357

B

BCIRA—
  Work in West Midlands, 71
  Seminar—Report Austempered Ductile Iron, 277
  Conference—Gas-hardened Mould and Core Technology, 311
  Conference Report—Automatic Pouring of Cast Iron, 422
BICTA—Annual Conference—New Research Programme announced, 432
Blakeborough—install Pattern-recirculation system, 32
BSI—
  Expands certification and assessment service, 4
  Guide to Respiratory Protective Equipment, 340

C

Canadian—order for Pacematic Moulding Machine, 3
Cast Iron Automatic Pouring—BCIRA Conference, 422
Castings—IBF Conference look at quality in production, 103
Clay Cross (Iron Foundries)—Manufacturing Modernisation, 9
Computer—
  Monitoring System at Ford, 355
  Fettling Control, 375
Compact—Graphite Cast Irons, 132

D

Design—Development of Moulds, 406
Design—Electric Furnace, 117
Diecasters, American Meeting, 488
Diecasting Society, 487, 498
Diecasting Society Fishing Match, 498
Die Lubrication—Automatic, 492
Dowty—use of Shaw and Lost-wax, 434
Duport Harper Foundries, 314
Durham Bridge—casting preserve, 358

E

Electricity—savings, 460
Energy Savings—Developments in Melting and Holding, 107
Expendable Polystyrene Moulds—Production at Butterly Precision Industries, 334
Expanded Polystyrene Moulding—Status Report, 177

F

Feeding Aids in Sounder Castings, 476
Foundry Profile—
  Clay Cross, 9
  Butterly Precision Industries, 334
  Triplex Foundries, 378
  John P. Webster, 426

G

Greensand Moulding machines, 409
Grinders—Abrasive-belt for Finishing of Castings, 364
Guard that Robot, 29

H

Health and Safety Executive—guidance on storing liquid Carbon Dioxide, 271
Hanover Fair, 136
Hazards—machines, 27
Hazards, Noise, 3

I

IBF Conference, 103
Inductotherm—
  15th Celebrations, 128
Investment—Casting Company spends £1.5 million, 459
Impact Moulding Chamber—changes, 409
Ironbridge Museum, 156

J

Jackson—retires, 462

L

Laker & Elliott win Fulmer Gas order, 7

M

Maycast—casting service, 199
Melting & Holding in the Foundry, 107
Meehanite Conference, 485
Mixing Technology Developments, 159
Moulding—developing equipment for Policast lost foam, 189
Moulding—Greensand machines, 409
Midlands—
  West, 51
  East, 161

N

Natural Gas—Conversion at German Factory, 124
New Plant—Ashland Chemical, 155
Noise—Evaluation of Absorbent Linings, 289
Noise, H.S.E. mobile exhibition, 3
Noise—
  Reduction in Casting Shop, 292
  At work, 3

O

Open Day, 465

P

Patternmakers—Annual Congress, 105
Pollution—
  Legislation, 50
Precision Casting Technology, 199
Precision Casting Supplement, 434
Pouring—automatic, 422

Q

Quality Assurance—John P. Webster, 426
Quality—Dowty use Shaw and lost-wax methods, 434

R

Refractories—Linings for Longer Life, 317
Regional Survey—
  East Midlands, 168
  West Midlands, 51
Robots—Safety for, 29
Robots—Removal of Feederheads, 360

S

Saving Energy, 404
Safecast, 288
Safety—Machine Guards, 27
Safety Signs, 340
Spheroidal-Graphite Cast Irons, 277

T

Tay-Forth Foundries exploit New Technology Markets, 481
Technology—EPC—
  Lost Foam Moulding, 188
  Status Report, 177
Towards Sounder casting, 476
Triplex—new image for Foundries, 378

V

Vibratory Handling for Foundries, 328

W

Washington Monument—new casting, 48
Wear behaviour—in Compacted-graphite Cast Iron, 132
Wear Tests—best material for longer life, 49
West Midlands—Growth of Cast Metals Trades, 79
